

St Michaels is based within a residential area of Bramhall, so whilst we do everything to ensure that there is sufficient parking for services and events, we are aware we don't always have enough parking. We try to be good neighbours to those who live nearby, so have produced this information to help you with parking when visiting our site.

We would be very grateful if you could communicate this with others who will be joining you at St. Michaels.

We have two car parks available for use by those attending services and events on our site. Please see the map overleaf for further location information.

Car Park 1

The first car park is adjacent to the church where there are 11 spaces. In addition, there are 2 disabled bays.

We encourage these spaces to be left for those less mobile to make their visit to our site more comfortable.

Car Park 2

Our second car park is on the opposite side of St. Michaels avenue from the church.

There are 43 spaces within this car park.

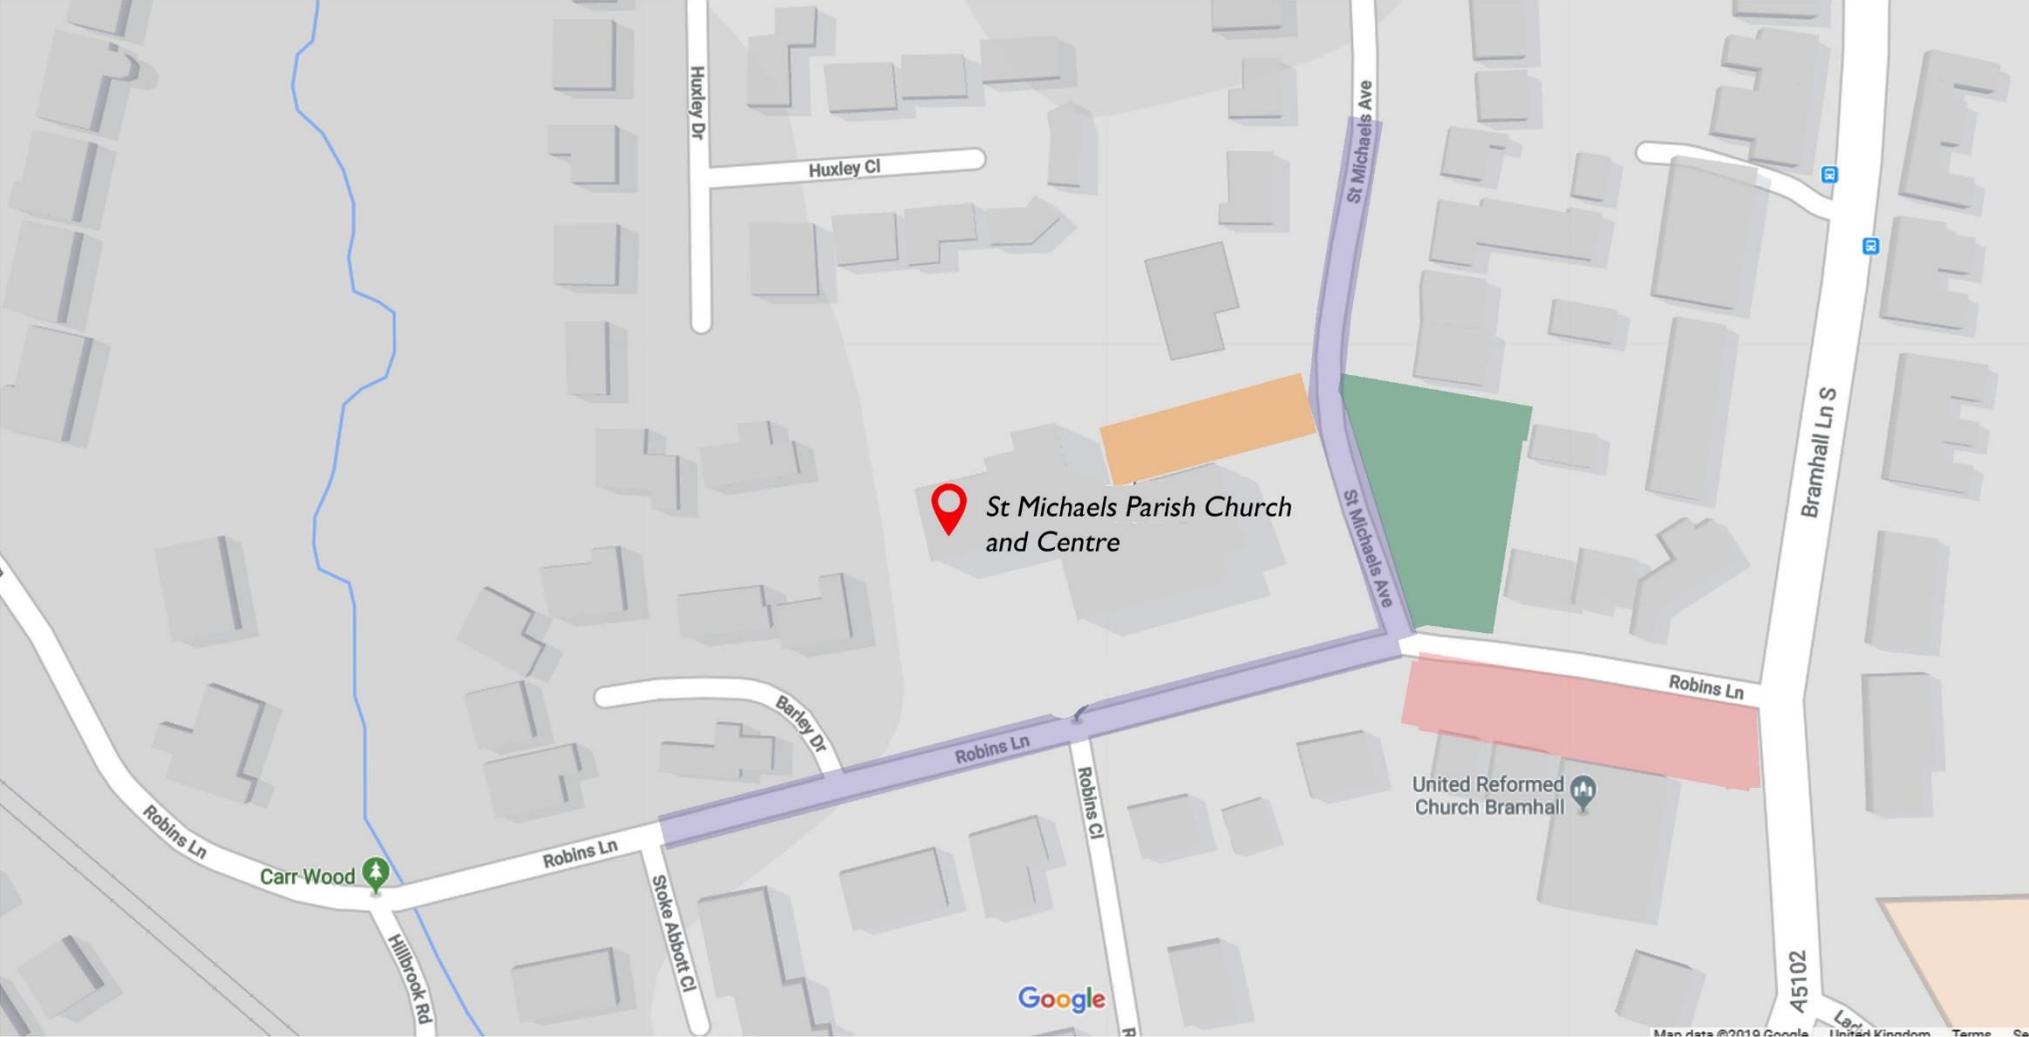

In trying to be good neighbours to our local residents whilst also being mindful of safety, we ask all users to use available car parking spaces before parking on the road.

Further Notes

If you are going to be using the kitchen and have supplies to unload you can use the rear car park behind the parish centre which you get to by using the access road at the side of the building.

Please do not park blocking the pedestrian access route, any doors or the access road round to the rear of the building.

The Church address is: St Michael & All Angels Parish Church, St. Michaels Avenue, Bramhall, SK7 2PG
